

PRIMARY STUDENT USE OF MOBILE PHONES AND PERSONAL DEVICES POLICY

Purpose

This policy provides direction to students, staff and families about managing mobile phones and other digital devices that students choose to bring to school. Digital devices include, but are not limited to, smartwatches, tablets or laptops that are not part of a separate Bring Your Own Device arrangement. This policy applies while students are at school, or attending an authorised school activity such as an excursion, during school hours.

Mobile phone use for primary school students

The department's position is that primary aged students cannot use their mobile phones and personal devices at school during school hours. The department and the school recognise that there are legitimate reasons for students to bring a mobile phone or personal device to school. This may include:

- to ensure their safety while travelling
- so that parents can contact them outside of school hours.

During the school day students are not permitted to ACCESS or USE their mobile phones or other personal devices. Students must switch off their devices before storing them at the beginning of the school day. They will not be able to access their device until the end of the school day.

Storage of personal devices

Students must bring their mobile phone or other personal devices to the front office when they arrive in the morning, where they will be safely stored in a draw until the end of the day.

All devices that are left at the front office must be **clearly named and switched off** before they are handed over.

If the student does not comply

- if a student fails to hand in their phone in the morning and one is discovered throughout the day, it will be confiscated and **NOT** returned to the student, it will require an adult to collect it.
- Misuse of a device not handed in will involve parent contact and may result in further disciplinary action which includes, but is not limited to, suspension.

Roles and responsibilities

Communication and review
