Hello everyone, happy Term 4!

This is the time for us to consolidate much of the learning we've been doing throughout the year, still cover some new content, get ready for the annual end of year concert and year 6 graduation.

Students have been practicing their dances weekly with their energy and enthusiasm clearly visible. From the sneak peaks I've been having, this year's concert will be the best we've ever had!

Today we are celebrating World Teacher's Day and I am incredibly proud to be working with this group. Their astonishing commitment to your children's wellbeing, feeling of belonging and constant focus on doing their best with learning makes a positive difference for all. If you have an opportunity to share some positive feedback with your child's teacher(s), it would be very appreciated.

We are still working on organising our swimming program and are exploring use of Gladstone pool as Crystal Brook pool appears to be re-opening on the 14<sup>th</sup> of November which is meant to be our second week of lessons. Please be ready for permission forms to be coming out shortly once we have made a final decision.

Class overviews will be coming out in the next few days, which will be a terrific opportunity for you to chuck it up on the fridge and talk to your children about what they're currently covering. Sometimes questions like "What did you do today?" or "What did you learn?" can be too broad, where if you ask about a specific topic, they may be more likely to remember.

Thank you all for your ongoing support and I look forward to seeing many of you at our next week's assembly.

Have a great weekend.

Maciej

Department for Education

## Mock Council Meeting

On Wednesday 19th October, the SRC Leaders and SRC Room 8 class reps were invited to be a part of a Mock Council Meeting at the Port Pirie Regional Council chambers as part of the Kidtober activities.

This was a great opportunity to see how local government systems work and how formal meetings occur. Macy Hook was voted in as Mayor for the day by her peers. Mayor Stephens ran the session and the students really enjoyed the experience and finding out more about how the council supports our local community.

*"We talked about how we want the community to be better. Such as suggestions for Kidtober and maintaining clean water ways. It was lots of fun and a really good experience" - Macy and Austin*

*"It was a great experience and really interesting. Awesome to get a say in new basketball court" - Tahlia*

*"Congrats to Macy, a great Mayor. Was really interesting. Was good to hear others ideas about Kidtober" - Delilah*

*"Was good to see other ideas for the community and meet new people" - Tanzey*

*"Really fun to learn what council members do. Was good to meet other people from different schools" - Lissy*
