FROM THE PRINCIPAL—MACIEJ JANKOWSKI

Good afternoon everyone,

We have completed week 6 with an awesome Disco and it is hard to believe that Christmas is only 4 weeks away. The students are continuing to work extremely hard on preparing for the year end concert and graduation while, focusing on learning in their classes. With heat picking up please make sure that your child has a school appropriate hat and a drink bottle at school, to make sure they're sun smart and properly hydrated. Now for some of the things going on around the school:

Kindy transition

We started our Kindy transition in term 3, however this term it is all ramped up with our new Foundation students coming in to the school for half days on Wednesday. They have fitted in beautifully participating in all their lessons, socialising during break times and embedding themselves as Crystal Brook Primary School students. In a few weeks we are going to have a full day transition which I'm sure they will love and be very tired at the end of.

Classing for 2023

Last Newsletter I sent out our teachers and class structures for 2023 and since then we have been working diligently on coming up with class placements for those students who would be moving next year. This process is lengthy and takes into consideration students academics, wellbeing and friend requests, along with other very individualised aspects. As a whole staff we work together to make sure we get the best fit possible and will be sharing this information with students and families early in week 8 in preparation for whole school transition day on Friday of week 8.

Swimming lessons and Carnival

Our students have completed their swimming lessons and braved the cold in order to do so. Their certificates will be coming home in the coming weeks and they should all be proud of the growth each of them achieved.

Next Monday 28/11 we will be holding our Swimming Carnival for year 3-6 students at the Crystal Brook Pool. Students are asked to be there by 8:45 and will be finished by 12:30. If parents attend and would like to take their child home after the Carnival, please make sure you let their class teacher know. All year F-2 students will be holding a "dry land" Swimming Carnival at the school which will be an amazing event despite not being in the pool. Thank you to all the staff involved in running both events in advance and hope to see many of you out at the pool.

Room 4 moving to Room 10 in 2023

Next year Room 4 class will be moving to Room 10 which will mark a significant physical change for our year 2/3 students as they'll be joining the "Primary" block. This is very exciting and over the remainder of this year as well as start of 2023 these students will have an opportunity to make this room their very own through decorations, set up and possibly some new furniture. We are looking forward to the new class and how they'll make it look.

We want to hear from you

“My door is always open” is not just a phrase but a way I like to operate. As a staff we are all striving to be better and research shows that feedback is one of the highest contributors to improvement. We all want to hear from you and I will support our staff to be released to meet with parents if the appointment can not be made outside of class time. Please contact us via phone, school stream, e-mail or in person to make a time to meet and discuss whatever is on your mind. We may not always be able to accommodate all requests but we will do our best to come as close as possible. If we don't know what you are thinking, then there is nothing we can do about it. We are here for your kids and for you.

Thank you all for your ongoing support of the school and effort you put into your children. We truly benefit from what you do with them at home.

Have a wonderful weekend.

Maciej

Nukunu Art

We are so thankful to have such an amazing woman in our community! Leonora you are a superstar in every facet of life. Thank you for your time in creating a special piece of art with our children.

Swimming Lesson

During weeks 4 & 5 we finally got to hold our swimming lessons. Thank you to our instructors Connor and Casey and to Peter for driving the bus to and from Gladstone.

SAPSASA Tennis

Congratulations to Macy Hook and Harvey Gulin for representing our school at SAPSASA Tennis last week.
