

2024 SCHOOL CONTEXT STATEMENT

School number: 0111

School name: Crystal Brook Primary School

School vision: “A community of learners, a world of opportunity”

- The school strives to engage learners by setting positive behavioural traits, explicitly teaching these in order for emotional development which connects our students to real life situations in a caring, supportive school community. We also value and promote student voice in decision making, developing feedback to and from students to educators and in developing learning and behavioural goals.

- The school plays an important role in the community by connecting with the local RSL for ANZAC Day Services, Remembrance Day Service with student leaders taking part in the service and with students attending the local commemorations. The school also encourages students to exhibit in the local horticultural show and showcases student learning with a display in a pavilion on the day. COVID restrictions permitting, students also visit the local hospital and Aged Care facilities to visit older members of the community to perform songs, share learning and talk with residents. The local community facilities are used to provide real life learning experiences such as the local supermarket, the historical society and local heritage centre.

General information

- School Principal name: Maciej Jankowski
- Student Well Being and Engagement Coordinator/ Autism Education Teacher: Davina Bellman
- **February FTE student enrolment**
